Location of controller box-

Location of water shut off valve-

DESCRIPTION OF SERVICES

Spring Start Up: Re-introduce water into mainline and inspect the entire system for leaks: mainline, lateral, and valves. Check all heads for proper operation and adjustments. Check controller for defects and program for spring operations. Any other services needed at spring start up other than what is list above will need a service call visit (I.E. Moving of irrigation heads, rerouting pipes, and or any review of systems.)

Inspections: Review all irrigation components for proper operation. Adjust all heads for proper coverage. Clean all nozzles not operating correctly. Reprogram controller to fit season conditions.

Winterizations: Purge of system by introducing compressed air into the main and lateral lines. Close down all supply valves. Set controller for temporary shutdown.

Service Call Fee: Service technician: \$85.00/HR.–Each additional Laborer: \$50.00/HR. PLUS MATERIALS

Payment: You may call in with credit card information or fill out below. If filled out below the total amount will be charged upon receiving of contract. There will be a 3% fee added to your total if paying by credit card. Checks can be mailed to: 18956 Sussex Highway Bridgeville, DE 19933.

Passwaters customers: Make checks payable to Passwaters Landscaping

Barton's customers: Make checks payable to Barton's Landscaping
